

## **Tinkerine signs Agreement with Maitri Health Technologies for Distribution and Design of Medical Products and Devices**

**November 24, 2020 - Tinkerine™ Studios Ltd. (TSXV: TTD)** ("Tinkerine" or the "Company") announces the signing of a Definitive Agreement ("Agreement") with Maitri Health Technologies ("Maitri" CSE: MTEC) for the marketing and distribution of Tinkerine's current and future products to global markets, and the design of new medical products and devices that are jointly developed by Tinkerine and Maitri. Maitri's initial focus will prioritize the introduction and delivery of Tinkerine's proprietary products to North American government bodies and organizations.

Maitri is engaged in the procurement and management of a stable supply system of on-shore manufactured personal protective equipment ("PPE") to meet the intensifying demands of Canadian and international markets. Additional information on Maitri can be found at <https://maitrihealth.ca/>

"We are excited to be working with Maitri Health to bring best-in-class, Canadian-made medical products to market," said Eugene Suyu, Tinkerine's Chief Executive Officer. "With the strength of Tinkerine's design approach and Maitri's vision of reliable and innovative healthcare solutions, we believe we can deliver great products and customer experiences around the world."

"Maitri is proud to add Tinkerine's design capabilities to our global supply platform," said Andrew Morton, CEO, Maitri Healthcare Technologies. "Tinkerine is another great partner helping us deliver products and technology that keep people safe and businesses and economies operating uninterrupted."

The Agreement between Tinkerine and Maitri consists of the following subsections that will be subject to additional agreements:

1. Distribution agreement for manufactured Tinkerine Products in Canada and potential expansion into additional regions including the United States.
2. Exclusive license for Maitri to manufacture Tinkerine Products to generate sales and distribution in continental North America (Canada, USA, Latin America) and Europe.
3. Manufacturing agreement wherein Maitri will provide designs of Maitri products for Tinkerine to manufacture.
4. Joint development agreement wherein Maitri will provide potential products and devices for Tinkerine to evaluate and review for potential design, manufacturing, and implementation.

Maitri shall oversee and manage all activities related to testing and certification to ensure all products and devices conform to standards and specifications established by Maitri and applicable law in each specific jurisdiction.

### **About Tinkerine**

Our mission is to provide a foundational understanding about Applied Design driven by 3D printing. Our ecosystem of 3D printing products and educational resources equips future generations with the innovative tools and products to stay ahead in a fast-paced, tech-driven world. Tinkerine enables the curious to convert creative ideas into the tangible and the

unimaginable. All Tinkerine 3D printers and education services are designed and manufactured in Canada.
