

Tinkerine Signs Letter of Intent with Sprott Shaw College

Tinkerine announces innovative 3D printing curriculum for Sprott Shaw's College's 16 campuses

August 22, 2018 - Tinkerine Studios Ltd. (TSXV: TTD, FSE: WKN WB6B and OTC: TKSTF) ("Tinkerine" or the "Company") is pleased to announce the signing of a Letter of Intent ("LOI") with Sprott Shaw College ("SSC") to provide a 3D printing curriculum and certificate to students enrolled at SSC and introduce students to 3D printing through workshops and courses. Tinkerine and SSC will deliver agreed content and curriculum to potential students and market, recruit and admit qualified students to the jointly run program.

"We are extremely excited about the collaboration and the opportunity to work with SCC to deliver a 3D printing program that will equip students of today with 21 century skill and getting them equip for the jobs of the future." stated Tinkerine CEO Eugene Suyu

SSC was founded in 1903, has 16 campuses across the province of British Columbia, and trains over 4500 students each year. SSC offers accredited, relevant, respected education and training delivered in a modern way. During the past century, SSC has built a solid reputation with both the private sector and government, not only based on training excellence, but also on SSC graduates' enviable record of securing successful jobs after training.
